Adam Mechakra

Investment Intern Candidate · Founder & AI Builder · Master in Management student (EMLV)

+33 6 56 69 19 39 · adam.mechakra@icloud.com · LinkedIn · adammechakra.com · Paris · Chengdu

Business school student with a **founder's view of startups**: I build AI-agent products (**Kivla**, working prototype) and **Atelier**, an agent system that runs my brand SEIZEU end to end. On exchange at **SWUFE** (Chengdu) in finance, economics and machine learning. I assess businesses as an operator and can tell what is real in an AI pitch.

> **Seeking:** 4-month internship, **Feb – May 2027** · VC / PE · Investment Analyst, Strategy · Abu Dhabi, Dubai, Madrid · School internship agreement provided

EDUCATION

SWUFE — Southwestern Univ. of Finance & Economics · Chengdu, China — Sep 2026 – Jan 2027
Exchange semester: Finance, Economics & Machine Learning · U.S. News top 100 worldwide in Economics & Business

EMLV Business School — Pôle Léonard de Vinci · Paris — 2024 – 2029
Programme Grande École (Master in Management) · currently in 3rd year

French Baccalauréat — Mathematics & Computer Science — 2024
Lycée Paul Lapie

EXPERIENCE

Founder — Kivla · Remote — Aug 2026 – Present
AI-agent SaaS platform: market research, brand identity, content and sales support for entrepreneurs, in one workspace

- Took the product from idea to a **working prototype in 3 months**: problem framing, market and competitor research, PRD, architecture.
- Built a command-line version orchestrating **16 specialized AI agent skills**, from brand brief to a Shopify store.

Founder & Builder — Atelier × SEIZEU — Oct 2026 – Present
Atelier: my in-house agent system, built on Kivla · SEIZEU: the first brand it runs end to end (launch Nov 2026)

- Atelier runs SEIZEU's **identity and visuals, Shopify store, content and publishing**; **450+ visuals** produced, each checked against QC rules I wrote.
- Feasibility study for a China-sourced supply chain: **unit economics, margin per item and regulatory risk** under the new EU customs rules (July 2026).

Business & Project Intern — Servicit · IT services firm, Paris — Jul 2025 – Aug 2025

- **Business development:** prospected B2B clients and supported the sales process.
- **Project management:** followed client projects (planning, coordination, reporting).
- **AI automation:** built AI automations to speed up the team's internal workflows.

Freelance Web Designer — Self-employed · France — Sep 2024 – Mar 2025

- Delivered website creation and redesign projects for **~15 clients**, including SEO optimisation.
- Found clients through direct prospecting and managed each relationship from pitch to delivery.
